QUESTION FOR ORAL REPLY

QUESTION NO.: 1948

Ms N V Nqweniso (EFF) to ask the Minister of Public Service and Administration:

Whether, in view of the salary increases and the increased accommodation, medical, private vehicle and travel benefits of all public office bearers at the beginning of 2015 and the fact that he is the custodian of the Ministerial Handbook, he intends to call all public representatives, including the President, Mr Jacob G Zuma, to make use of public services to save millions of rands spent on the maintenance of public office bearers?

The Ministerial Handbook is a guideline of benefits and privileges for public representatives such as Members of the Executive. A Review of the Ministerial Handbook is currently underway.
