

OCCUPATION SPECIFIC DISPENSATION

STAFF NURSE

Determination by:
The Minister for Public Service and Administration

GLOSSARY OF TERMS

Amicably	Done in a friendly spirit or to show a friendly attitude
Scope of Practice	The parameters within which a professional nurse who has met the prescribed qualifications and registration requirements, may practice.
Clinical Nursing Practice	To provide comprehensive nursing care and management for the nursing treatment and rehabilitation for all health problems of individuals, groups and communities as an independent practitioner.
Competencies	The specific knowledge, skills, judgement and personal attributes required for a health professional to practice safely and ethically in a designated role and setting. The demonstrated ability to integrate the knowledge, skills and attitudes required for such performance. A particular mix of knowledge, skills attributes required to effectively perform a job/task/role.
Ethical Nursing Practice	To practice nursing in an ethical and justifiable manner. To create and maintain an enabling environment for ethical nursing practice.
Experiential Competency	Relates to an employee's capacity to meet the job requirements (job competency) in terms of the number of years appropriate experience after obtaining the required qualification and registration
Functional	The technical expertise and knowledge required for a health professional to perform the prescribed functions of the post within the framework of the scope of practice and standards as required by the relevant health facility.
Generic	General (transversal) competencies that apply to the majority of staff who deliver patient care in a variety of clinical settings.
Grade 1 & 2	The relevant grades within one particular specified post.
Grade (level)	A higher work level, with advanced duties which requires more advanced competencies (at production level) which can be reached by means of grade progression.
Grade Progression	Grade progression is progression to the higher production level, against the production level post, as and when the employee complies with the stipulated criteria. Grade progression is not dependant on a vacancy or subject to the principle of open competition.
Legal Nursing Practice	Laws and regulations relevant to nursing and health care in South Africa.
Post (level)	A higher work level, with distinct duties (supervisory/managerial duties) which can be reached by means of post promotion.
Post Promotion	Promotion to a higher post, which is dependant on the availability of a funded vacancy, where the employee complies with the stipulated criteria and contends with other employees for the post through open competition.
Quality of Nursing Care	To develop standards, criteria and indicators for quality nursing and health care. To develop and maintain a plan to improve the quality of nursing and health care.
SN	The relevant salary level for the occupational category Staff Nurse.
